

Winton Festival of Speed

Dear Competitor,

Welcome to Winton historic long track racing for 2022. Please find attached the documents for entry to the Winton Festival of Speed to be held on 5th to 7th August 2022 at Winton Motor Raceway – the method of entry for 2022 is via automated email by completing the On Line Entry form and then submit. Payments for on line entry and Garage/Carport bookings are to be made by including Credit Card details.

We are looking forward to receiving your entry for this year's Winton Festival of Speed. Entries Open on Monday May 2nd close on Friday July 1st 2022. Please note MSA Event Entry is not available.

Please note that entry to the Track for all participants on each day will require the download and activation of the Services Victoria App. This must be completed prior to your arrival at the Track.

1. PAPER BASED ENTRY (By exception ONLY)

For those entrants unable to enter On Line , a paper based entry will remain available and included with this email are the entry forms for the Winton Festival of Speed 2022. Please complete these forms and post them to the Entry Secretary, postal details are included in forms.

2. EXTRA FORMS REQUIRED?

These are available from the VHRR website: www.vhrr.com and can be printed, completed and posted.

3. GARAGES/CARPORT BOOKINGS

Anyone who requires a carport or garage for the event must complete the On Line booking form with the Entry and submit.

For those entrants unable to enter On Line, paper based booking will remain available via the attached form or download this from the VHRR website and mail the form complete with payment directly to the Entry Secretary.

Please Note – In recent years the Race Committee has arranged for additional Garage Marquees to accommodate entrants who have requested a Garage but have not been allocated due to the Garaging being over subscribed – the additional costs of these Marquees is considerably greater than the Garage fee and has been borne by the Race Committee as an additional cost. Unfortunately, at the same time, we have had significant spare capacity in Carports which also means that we have had reduced revenue. To ensure that we continue to control our costs and revenue expectations, we have decided that the allocation of Garages and Carports will be on a strictly order/date of entry basis and that late requests will be allocated a Carport(at the lower cost) --- no consideration will be given to the provision of Marquees until all Garages and Carports have been allocated. Entrants are encouraged to enter early if they wish to secure a Garage or Carport.
